#### Road safety

Can I please ask parents to remind their children of the importance of road safety when traveling to and from school. We do get reports from members of the public that students do not always exercise due care and attention when crossing roads and especially when cycling to school. This is especially the case on Collum Avenue. Can I also ask that if your child cycles to school that they have working lights and cycle to and from school in a responsible manner. Thank you for your support. Mr Hibbard

#### Notification of a school closure

With the weather getting a little colder and talk of snow can I please remind parents that if a decision is taken to close the school parents will be notified by the following:

1. School Website including the twitter feed
2. A text message will be sent home
3. Listed on the council website
4. Announced on Radio Humberside and Lincs FM and also listed on their website

When a decision is made the above will take place. In the event of the school having to close early the above systems will also be used. Please do not accept any other form of communication. We always aim to give parents as much notice of closure as possible but sometimes this is not always possible due to the nature of the weather and the forecast. Thank you. Mr Hibbard
